"I just want to thank you for your time on this course, I will be using this for the rest of my career as I have learned a lot from my time with you."

Dates & Times of TRAINING WORKSHOPS

Usually, for the Level 5 Certificate the programme is either delivered over five full days or over 10 online workshops.

Our full day training workshops are around 6.5-7 hours (including time for breaks/lunch) and our online workshops are usually around 3 hours per workshop. However, for in-house programmes we are happy to deliver the programme to suit our partner's wants and needs.

We will work with you, our partner, to agree on the best programme delivery structure for you and the participants attending the programme. We will always agree in advance with you, our partner, the programme workshop dates and times.

There is also the option to have a 'blended' delivery approach, with a combination of face to face and online workshops.

Supervision, Action Learning, Tutorials & Peer to Peer Coaching

Supervision, action learning and tutorial sessions are also included as part of this programme.

We will work together to agree with you, our partner, how the supervision, action learning and tutorial sessions are to be delivered. Ideally, supervision should be scheduled to ensure that this is in-line with the coaching practice element of the programme.

Supervision is offered in groups for the Certificate Level programme, to allow participants to experience working collectively with others to engage in supervision.

There is also an expectation that participants engage in peer to peer coaching sessions, which we will also observe as part of the programme to provide participants with 'in the moment' feedback about their coaching skills.

All participants will also engage in an observed coaching session, this will form part of their formal assessment for the programme. Dates and times of the observed sessions will be agreed with each participant. Observations should ideally take place virtually to minimise costs and also be more considerate of the environment!
